CHICAGO (Jan. 3, 2024) –Metra in the next few weeks will be changing how it sells its tickets, and what kind of tickets it sells and at what price.

Metra is closing its remaining ticket windows and repurposing some of the agents as customer service representatives, including at all of its downtown Chicago stations. **Agents at outlying stations on the BNSF line will stop selling tickets effective Jan. 8 and agents on all other lines, including at downtown stations, will stop effective Feb. 1.** Tickets will be available for purchase through the Ventra app, new ticket vending machines that have already been installed at the busiest stations, and conductors on the trains. (Vending machine installations will continue this year, with the goal of installing them at every station.)

The changes in fare products and the new prices that take effect Feb. 1 are part of a major restructuring of Metra's fare system that was approved by the Metra Board of Directors in November. The restructuring seeks to simplify Metra's fare structure to appeal to new riders. Fares under the new structure are set at or below pre-pandemic levels.

Under the new structure, the number of fare zones is reduced from 10 to 4, with downtown stations assigned to Zone 1 and outlying stations assigned to Zones 2 through 4 based on a combination of distance from downtown, service patterns and ridership characteristics on each line, which vary.

Due to the switchover to the new fare structure, the **February Monthly Pass will not go on sale from vending machines or in the Ventra app until Feb. 1**. To lessen the inconvenience to Metra customers, paper January Monthly Passes will remain valid until noon on Feb. 5. Starting with the March pass, Metra will resume selling Monthly Passes starting on the 20th of the prior month.

If you buy 10-Ride Tickets:

- **The 10-Ride Ticket will no longer be available for purchase.** The last day to purchase a 10-Ride Ticket will be Jan. 31, 2024. Tickets purchased on or before that day will be valid for travel for 90 days. 10-Ride Tickets are not refundable.
- The 10-Ride Ticket is being replaced with a **Day Pass 5-Pack**: The five Day Passes can be used on any five days within 90 days of purchase. Each pass expires at 3 a.m. the day after activation. The **Day Pass 5-Pack** will be available only in the Ventra app.

Monthly Passes covering trips that do not begin or end downtown (Zone 1) will cost \$75. Passes can be used for unlimited travel between the zones selected on weekdays and anywhere in the system on weekends.
